

SHADELITE SUNSCREENS

Louvre & Sunscreen Specialists

Shadelite Perforated Screens

www.cvsgroup.com.au

CVS Shadelite Perforated Screens can come in many configurations. An unlimited variety of patterns, sizes and shapes can be produced to suit nearly any need. Screens can be installed horizontally or vertically, and can be either connected to the building structure or cantilevered with outrigger supports.

CVS Shadelite Perforated Screens can be manufactured from a range of materials including:

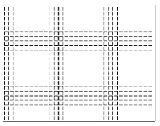

- Aluminium
- Colorbond
- Galvanised Steel
- Stainless Steel

Most common uses for CVS Shadelite Perforated Screens are:

- Plant Deck Screens
- Privacy Screens
- Exterior Sunshade Systems
- Vertical Feature Screens
- Horizontal Sunscreens
- Security Screens

CVS Shadelite Perforated Screens can be coated in a range of different finishes to suite specific requirements, including warranty and custom colour powder coat through to bright coloured anodising.
